Launch into outer space with this out of the world Space Kit. This kit features a DK Eyewitness Space Exploration book, Solar System Jigsaw Puzzle, Space Mission Matching Game, Qwirkle™, and Conversation Cards. The first two activities will create a sense of achievement, while reinforcing the connection between brain cells and improving mental speed and short-term memory. The third activity focuses on the importance of strategizing, while strengthening language and problem-solving skills. The fourth activity will spark conversation, allowing one to reminisce about a particular aspect or experience.
